

70 McGill Students Go to Quebec on Goodwill Trip To Be Guests at Laval U

RW Revue & Choral Society ISS Chairman To Entertain Laval Students Stresses Dire Need of Books

Seventy McGill students, representatives of the Red and White Revue, the Choral Society, President of the Students Society, Bob Gill, and Chairman of N.F.C.U.S. Committee, Gilles Trahan, will visit Quebec city this week end. The trip to Laval is the first step taken by McGill in the proposed plan to foster good will between English and French speaking students and to bring these two groups together in an informal atmosphere. While in Quebec they will be the guests of Les Caribinades, Laval's equivalent to McGill's Red and White Revue, and will be billeted with the students on arrival Friday noon. They will then proceed to a reception at the University to receive the official welcome of Laval's Rector, Monseigneur Vandry.

The Red and White Revue troupe and the Choral Society will join forces on Friday night to entertain the Laval students with a concert in the Academie de Quebec.

A sightseeing trip has been arranged for the McGill students on Saturday, this is to be followed by a gathering of the ski enthusiasts at Lac Beauport for an afternoon on the slopes. A cocktail party and a banquet have also been planned for the McGillians. Following the afternoon's activities they will meet to cheer for the big Red Team which is scheduled to play hockey against Laval. The entertainment is to be climaxed with a dance at the Drill hall of the Royal Rifles Armouries Saturday evening.

The return trip of Les Caribinades, under the direction of Jacques Roy, is scheduled for March 18 to 20th. At this time Les Caribinades will present part of their revue to the McGill student body. The show, which will be presented in French, will probably be held in Moyse Hall on Friday the 18th. Planes are underway for entertainment which will at least equal that provided for the McGill students while at Laval. Included in these plans are the "Spring Song" by the McGill Choral Society on March 19th, and a tour of the city.

Psych Club Sponsors Allan Memorial Tour

Dr. J. Beaubien conducted a tour of the McGill Psychology Club through the Allan Memorial Institute.

"The Institute was founded in 1943 as a teaching hospital in Psychiatry. 'However,' Dr. Beaubien added, 'the hospital is also used for treatment. We tend to treat those patients who require a relatively short period of hospitalization; that is, those people who are suffering from psycho-neurosis rather than from psychosis.' He went on to say that the waiting list was very long and that the number of patients exceeded the available space.

Dr. Beaubien explained the types of treatment used in the Institute. "Some patients come every morning at nine and leave at four thirty. This is something new in the way of treatment. There are also patients who are in residence. In addition there is an outpatient department where patients are treated once a week. The main and most important treatment is psychotherapy. There is also group psychotherapy. A group consists of up to twelve patients."

"A certain amount of therapy is carried on with the use of drug which help the patient to talk," Dr. Beaubien remarked that this does not force the patient to reveal anything that he does not wish to have revealed. "Electric shock and insulin are used," said Dr. Beaubien. "But these are rarely good enough by themselves."

Films are used to give the patient a basis for discussion of treatment. These meetings of the group are conducted by the nurses in each ward.

The department of Psychology is carrying on some research at the Allan Institution. Moves are taken to study the behavior of the patients. At the same time the Institution teaches the medical undergraduates at McGill.

(Continued on Page 4.)

Chairman Thanks

Blaikie Purvis, Chairman of the Winter Carnival Forum night, in an interview with the Daily said that he would like to express his thanks to all those who made the event both possible and successful. "Jerry Rowe and her Carnival Cadettes and Martlets deserve a very special mention, in my opinion, for providing the highlight of the show." He went on to say that the McGill Band under Harrison Jones gave an excellent performance, "a pleasant surprise to most of the audience." "Gifford Mitchell and the Choral Society also deserve special thanks, though I gather that unfortunately only myself and those near me could hear them." Praise was also due, according to Blaikie Purvis, to Peter Pershall, his technical staff, and all those who helped with the decorations and "Pete himself devoted more time and effort than anyone on my committee both before and during the Carnival." Finally Dr. Hugh Borsman is credited with coordinating the evening as announcer; "Hug's grasp of the reins has been invaluable both last year and this under difficult conditions."

Coeds to Entertain at RVC Buffet Supper

For months, co-eds have been asking, "Are there not going to be any buffet suppers in R.V.C. this year?" The answer to this question was announced recently—a buffet supper will be held in the R.V.C. cafeteria this Sunday, beginning at 5:45 p.m.

One of the purposes of such a buffet supper is to enable women students to return hospitality they have enjoyed in the past. The price of tickets for guests and non-residents is forty-five cents, and they will be on sale in R.V.C. between 1:30 and 2:00 p.m. on Thursday and Friday. Posters reminding those interested in the details will be found on the campus bulletin boards.

The evening does not end with the finishing of supper. A sing-song will be held after the meal, in the Common Room on the first floor in R.V.C. It is hoped that co-eds will take advantage of this opportunity for a pleasant, relaxing Sunday evening.

"Fortress of Freedom" To Be Shown Today

The P.C. Convention film "Fortress of Freedom" will be shown today at five o'clock in the New Room of the Union. The film illustrates all the different aspects of a political convention. The showing of the film will inaugurate a weekend of heavy activity, for the P.C. Club, including the meeting of the P.C. Student Federation at the McGill Union, scheduled for Saturday afternoon, which will culminate in a speech by the P.C. Party leader, Hon. George Drew.

A special Buffet luncheon will be held in the Windsor Hotel, where Mr. and Mrs. Drew and other party officials will have an opportunity to mix informally with the P.C. delegates. Tickets for this may be obtained from any member of the Executive, or from Ed Warner at Wilson Hall, MA. 9181, Local 258. Local arrangements are in the hands of Jeff Turner, President of the McGill P.C. Club, assisted by Clarence Fiske, Helen Ayer, John Walsh and Don McMaster.

Impromptu Debate In Union New Room

Resolved "that beer should be sold in the Union," will be the topic of the debate to be held in the New Room this afternoon at 1:00 p.m. The debate is one of a series in the Arts and Science Faculty finals. Differing from most debates however this one will be completely impromptu, the speakers being notified of the topic in today's Daily. Upholding the Affirmative of the resolution will be two men from third year, Morris Kelly, Third year Debating rep., and John Bishop. Opposing them will be Eddie Kingstone and Morris Chalkelson, both First year students.

Harry D. Miller, Chairman of the McGill I.S.S. Committee, announced last night that the campus March of Books will continue until the end of the month. Approximately 2,000 volumes have already been collected on the campus, Miller reported, and it is hoped that many more will be given before the campaign closes next week.

Miller has issued the following release attesting to the great need in Europe for books of all types: "The outstanding work of the sponsors of the Canadian March of Books campaign for war devastated libraries is evidence of Canada's efforts to contribute to international understanding and goodwill. Dr. Jakob Zuckerman, Head of the Clearing House for Publications, U.N.E.S.C., said in a tribute to the people who have supported the campaign.

All sides of U.N.E.S.C.'s work are incapacitated if people are unable to get the books they need. If teachers have to teach classes without text books, if medical faculties have to study on the basis of antiquated literature, and if people do not have the books which show them the way of living of fellow men in other countries.

U.N.E.S.C.O., therefore, he asserted, welcomes the initiative taken by the Canadian Council for Reconstruction through U.N.E.S.C.O. and the Canadian Library Association in starting the March of Books Campaign to obtain from Canadian libraries, professional groups and from the public, those books and periodicals mostly in demand.

Dr. Zuckerman pointed out that the formation of the Canadian Book Centre at Halifax, which handles the contributions with the help of Dominion authorities can serve as example for similar undertakings in other countries.

On the basis of enquiries made by U.N.E.S.C.O. since 1947, there have been more than 1,000 libraries which have communicated details of destruction and losses suffered from the war.

But Dr. Zuckerman claims that the need for books and periodicals calls for more than mere construction. The libraries which were destroyed must not only provide a collection of great books, but must also contain literature which will help the peasant till the land, teach the children the alphabet and help the scientist keep pace with recent developments in other countries.

For information regarding pick-up-service please call PLateau 9803 or 9806.

Cosmo Club-French Society Sponsor Ball

In true Mardi Gras tradition, the masked ball to be held on Friday, February 25 under the joint auspices of the French Society and the Cosmo Club, promises to be a gay and colorful affair. An experienced crew has been worked out effective decorations for the ballroom and reading room, in which the dancing will take place. Streamers and Japanese lanterns will lend a festive air to the occasion.

Highlight of the evening will be the choosing of the couple sporting the most beautiful and the most original costume. Last year this was a hard choice to make, as it probably will be so this year. The competition is terrific. By the way, if you haven't got your costume yet and are wondering what to do, here are a few suggestions. Costumes can be easily and cheaply rented and your problems painlessly solved. However, if you are of a more ambitious nature try concocting one of crepe paper. It can be very effective. Try your hand at designing, and see how good your are; perhaps yours will be the winning creation.

During the evening sandwiches, soft drinks, and punch will be free. Beer will be sold and tables will be placed in the ballroom for their convenience.

Tickets are now available at booths in both the Arts and Engineering Buildings, as well as in the Union. Cost per couple is \$2.75, and

Beryl and Books

BERYL DICKENSON-DASH, McGill's Carnival Queen, presents her contribution to the March of Books Campaign to HARRY MILLER, Chairman of the I.S.S. Committee which is handling the campus campaign. The drive will continue until the end of the month at McGill—books can be left at the Union Tuck Shop.

Dr. Raginsky Will Address Pre-Med. Soc.

On Thursday, Feb. 24, at 5:10 p.m., Dr. B. B. Raginsky, eminent Psychiatrist will speak on "Psychiatric Medicine—A Modern Trend in Medicine." Due to the large attendance at Dr. Raginsky's talks in previous years, special arrangements have been made for a larger hall and Dr. Raginsky will thus speak in THE LECTURE THEATRE 102 IN THE CHEMISTRY BUILDING.

The Pre-med banquet will be held on Monday, Feb. 28 from 7:30 to 10:00 P.M. in the Union Cafeteria. A steak dinner will be served after which members will hear an address by Dean Smith of the Medical Faculty. Dr. Smith will be introduced by Dr. Fleming, Secretary of the Faculty of Medicine. This will be an opportunity for members to become acquainted with these two prominent men. Tickets to the banquet may be secured until Feb. 23, Thursday from George in the Union Tuck Shop or from members of the executive. The charge is 50c for members and \$1.25 for non-members.

If a quorum is present at the banquet, elections will be held and nominations are now being accepted by the executive until Monday, Feb. 28 for the posts of President, Vice-President, Secretary, and Treasurer.

All members are urged to attend the banquet and bring along their friends and are reminded again that tickets must be obtained not later than THURSDAY, FEB. 24.

\$2.25 for Members of the French and Cosmo Clubs. Everyone is welcome. As a big turnout is expected you are asked to buy your tickets now.

Trip to Ottawa To Be Subject Of Today's Meet

Today at 1 o'clock in the Music Room of the Union there will be a meeting of all those interested in making a trip to the External Affairs Department at Ottawa, on Friday and Saturday, March 4 and 5.

A full tour of the Department had been arranged, during which those making the trip will have the opportunity of meeting for half an hour each, the chiefs of the various divisions of External Affairs. On the Friday afternoon, the talks will be given by the heads of the following divisions: Consular, Information, Legal, Economic, European, American and Far Eastern, and Commonwealth, as well as an introductory speech by Mr. Ned Heene, the new Under-Secretary of State for External Affairs.

After dinner all will be free to attend the evening session of Parliament, if they so wish. Saturday there will again be half-hour talks from the heads of the remaining divisions, that is: Protocol, United Nations, Personnel, and Administrative, and also from Mr. Norman Robertson, the Clerk of the Privy Council and Secretary to the Cabinet. Mr. Robertson, it will be remembered, has just returned from his former position as High Commissioner to London.

Finally, the tour will conclude with a talk from Mr. L. B. Pearson, the Secretary of State for External Affairs, if this is at all possible. The tour should be completed by about 1 o'clock in the afternoon.

WRITERS CLUB

On Thursday evening, Feb. 24th, at 8:15 p.m., the McGill Writers Club will hold a meeting at 1126 Sherbrooke St. W.

Students Society Meeting Hears Committee Report Investigating LPP Club

DEAN'S NOTICE

It may help students to be reminded of the following regulations of Faculty in the matter of failures and supplementary exams:

"A student in the first year who has not passed, in the sessional examinations, at least three of his courses will not be given permission to write supplemental examinations: he must withdraw from the Faculty or if granted permission, by the Dean, repeat his year."

A student in the second, third and fourth years who has failed in more than one full or two half courses at the sessional examinations, will not be given permission to write supplemental examinations: he must withdraw from the Faculty or, if granted permission by the Dean, repeat his year."

This reminder is published because it has been found that students sometimes neglect their work under the impression that they can always make deficiencies good by writing supplemental examinations.

(Signed) H. N. FIELDHOUSE, Dean.

French Society To Hold Outing At Otter Lake

By G. O. K

Revision Week-End is a new feature of the French Society. It is designed to apply the theory of "French without tears," or it could be called "Revision with a smile." In the beautiful setting of the Laurentians, between two delicious meals such as we always get at Otter Lake House, the French students will revise and "rehearse" for their oral examination under the supervision of Miles Bodier and Clerant an dMme. Launay. There will be practicing of "exposés" on the various subjects on the program, practice fluency of expression and purity of accent, and an opportunity to ask any questions on those tricky points of grammar or intricate ideas of the French writers.

The program of the Week-End will also include skiing, sing-song, and many a good laugh such as we've heard before on similar occasions. The group will leave on Friday, March 4, to return on Sunday, March 6. For a group of 20 or 25, the inclusive fee will be \$11 which includes train fare to Huberdeau and back, and hotel expenses. Register by paying your fee at Rooms 30 or 54 of the Arts Bldg. Preference will be given to Students who are preparing for a French oral very soon, but all interested in French are very welcome. The only pre-requisite to registration is to pledge oneself to speak nothing but French through the whole week-end. Date limit for registration: Monday, Feb. 28, 6:30 p.m.

Motion Passed To Exchange Union Memberships

LAWRENCE DINER

Confidence in the S.E.C. Investigating Committee was expressed at the Students' Society meeting held yesterday in the Union Ballroom. This committee was set up to investigate charges made by the Union House Committee against the McGill L.P.P. Club.

Colin McCallum, chairman, presented the report on behalf of the Investigating Committee. Other members are Isabel Gibb, Betty Sinclair, Bob Gill and Fred Cleman. The report of the Investigating Committee was the main topic of the meeting which was attended

The investigation committee report went over the activities of the committee and contained the following policy:

- (1) impartial investigation of charges that (a) three members of the L.P.P. club sold the Tribune on Union property; (b) it is the Club policy to sell the Tribune on Union property;
- (2) the committee do all possible to uncover facts pertinent to its investigation;
- (3) that there be no press releases or publicity issued regarding the investigation.

It is hoped of the committee to present a report on its findings to the S.E.C. Wednesday, March 2.

Charles Pelletier moved "that the meeting express its confidence in the Special Investigation Committee of the S.E.C. and that the committee continue its investigation of the alleged infractions of the Union House by the McGill L.P.P. Club."

At this point the meeting assumed a more lively appearance and in the succession of speakers whose remarks were of varying degrees of emotion the following terms were sprinkled: "the communists have no credentials to talk of democracy," "they (the communists) are boring and dishonest," "Expose the L.P.P.," "they were sentenced before they were tried," "use reason not emotion," "martyrs and heroes," "apply your beliefs not to my beliefs, but to the action."

At 6:30 p.m. after an hour and a half, with a little over 300 people still present, the final count was 164 in favor vs 118 against as the motion was passed.

AS Gen Night Scheduled for Dawsonites

Seven professors of various departments of McGill will be present at the gen night sponsored by the Dawson Arts and Science Undergraduate Society tonight, Feb. 24. The gen night will be held at Dawson in T-1 at 7:30 p.m.

The professors will give a fair representation of their different subjects, and will deal with the various occupations that their subjects can lead to. The speakers will include: Dr. Pady, speaking on Botany, Dr. Holcomb, who will discuss Inorganic Chemistry, Dr. Bowen who will deal with the subject of Organic Chemistry, Dr. Scott, who will deal with the prospects of Zoology, Dr. Boothroyd of the Genetics department and Dr. Marshall who will represent the Physics part of the gen-night. There will also be a member of the Psychology department, as yet unnamed.

An invitation has been extended to the executive of the McGill Arts and Science Undergraduate Society, and it is expected that some of the members will be in attendance.

At the end of the proceedings, a movie will be shown, and this will be followed by free refreshments.

"Free-Will" to Be Subject of Discussion

Tonight at 8:30 in the McGill Union New Room, the McGill Philosophical Society will meet to discuss the age-old topic of Free-Will, but from a new angle. Philosophers will meet psychologists, so that each can see what the other can see what the other has to say on the subject.

The meeting will be opened with a paper on "The Concept of Freedom in Ethics," to be read by Peter Scott, a Fourth Year Honours Students in Philosophy. A short reply will also be read by Mr. Lansdale of the Psychology Department in which he will attempt to appraise Mr. Scott's ethical considerations from a purely psychological point of view. It is hoped that discussion of the problem by members of both departments may break out the relationship of philosophy to an empirical science such as psychology.

A. Gide Thanks U of M

A letter from Andre Gide, 1947 Nobel prize winner for literature, has been received by a member of the recently dismissed editorial board of Le Quartier Latin at the University of Montreal.

One of the charges which was laid against the editorial board headed by Pierre Lefebvre, was that they had devoted two and a half of a six-page issue of Le Quartier Latin in tribute to Andre Gide.

Maurice Blain, who had written the article, received a personal letter which said in part: "I am touched by this tribute paid to be, all the more since the honor was unexpected."

The letter continued: "The fact that this was published in a French language paper in Canada is a sign of good omen for French-Canadian literature."

Pierre Lefebvre and his managing board are claiming that they were unconstitutionally dismissed. They have placed their case in the hands of a Montreal lawyer who, in his undergraduate days at the University of Montreal, was an editor of Le Quartier Latin and president of their students society.

At the Mardi Gras ...

Pictured above are two couples enjoying themselves at last year's Bal Masque. They are Jan Munk and Yolande Brunet, and James McGill (no relation to THE JAMES) and his wife, Patsy. Tickets to this

year's Bal Masque, which takes place on Friday in the Union, are on sale in the Arts and Engineering Buildings and the Union, at \$2.75 per couple.

When 'Thunder Rock' opens next Tuesday night the above students will be taking an active part in the production. Many of the above are new to McGill audiences. Some have been seen in other dramatic productions and in other fields of Campus activity. For instance, on the extreme left is Marvin Melrowitz. He is better known to football fans and is making his first appearance as an actor on this campus. Marv plays the role of the confused mechanic, Nonny. Sitting next to Melrowitz is Elizabeth Sifton. She is the young lady who gave such a fine performance in the Arena Wing's first show. Elizabeth plays Melanie, the doctor's daughter. On Friday evening she will be in the Regional Drama Festival showing of 'Hello Out There'.

Third from the left is Earl Young. Earl is new to the group. His role in 'Thunder Rock' is that of Chang, the gunner-mechanic from Northwest China. Next to Earl we find Trevor Groves. The lead role of Charleston is his job. Trevor has worked in shorter plays and has radio experience. This is his first major role. Beside Trevor is Molly Rosenblatt. Molly has been acting in both Players' Club and English Department plays for three years now. She plays Anne Marie Kurtz, the doctor's wife. The last member of the cast on page two is Dennis Fraser. He plays Captain Joshua Stuart. Dennis has appeared in two other full length plays and in radio plays. His first role in Arena Wing was that of 'Jamaica Sam'... the old sailor. He is in the Festival play as the sheriff.

First on page three is Clarke Newton. Clarke comes to McGill from New York where he acted in High School and prep school productions. He has the role of Streeter, the supply plane pilot in 'Thunder Rock'. In the festival entry he is playing the long and demanding role of the prisoner. Martha McGrath is next. She portrays the character of Miss Kirby, the suffragette who is in the new world in search of a husband. One of the original members of the Arena Wing, she has done fine work in studio productions. Then comes George Andronidis. George came to McGill a little over a year ago from Greece. He is here to learn English. His accent is particularly appropriate to the part which he plays. He is Dr. Kurtz, the physician who was experimenting with anaesthetics in 1845.

Fourth from the left on page three is Austin Caverhill. Austin will be remembered for his comic role in 'Love in a Village'. He is new to Arena Wing and, in rehearsals, is giving a sympathetic interpretation of the role of Briggs, the little workman from Birmingham. He is the same Austin Caverhill who attended Lower Canada College in 1944.

The last two people on the right are not members of the cast. The young lady is Val Clyne. She is Stage Manager of 'Thunder Rock'. Most of the organization work and collecting of props has been done by her. She is all the way from B.C. Last comes Stanley Mann. He is the Assistant Director and has been particularly attentive to the actors' interpretation of the lines. Stan has written plays, directed and acted. He is in the

Student Forum

While spending a year and a half at Dawson College I have followed the Student Forum in the Daily with keen interest, assuming that the contributors had some knowledge of what they were writing about and that I could learn a measure of what other people were thinking about contemporary politics. However, on Monday, Feb. 14, I was quite taken aback by George Neuspel's emotional tirade which concludes that Fascism is on the march.

In his self-contradictory article, written in protest of the trial of twelve top communists in the United States, he makes the statement that "they (the aforementioned twelve) are not accused of having committed violence, advocating violence, or even having the intention of bringing it about. They are simply charged with teaching and advocating the principles of Marxism-Leninism." Now anyone who is familiar with the teachings of Marx and Lenin knows that the equality of the masses and the dictatorship of the proletariat must be achieved quickly and by force in the form of world revolution. It doesn't take a lawyer to prove that teaching world revolution and the overthrow of existing governments by force, if necessary, is, in fact, advocating and teaching violence.

Mr. Neuspel quotes the first amendment to the American Constitution which reads, "Congress shall make no laws respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech, or of the press; or of the right of people to peaceably assemble and to petition the government for redress of grievances." It has often been the practice of the American courts to follow the spirit of the law rather than the exact wording. We notice that the first amendment mentions "peaceably to assemble". Now if the assembly is for the purpose of teaching violence and the overthrow of the government by force, the phrase "peaceably to assemble" hardly fits in.

Mr. Neuspel mentions China, Indonesia, and Greece in his article as examples of markets for the "export" drive. Does he forget that America's fed up with Chiang's regime in China, less than a month ago refused to aid him any longer in his struggle against the communist armies? That American representatives in the U.N. lashed out bitterly at the Dutch for their oppression of the Indonesians? That the Greek people preferred their present "Fascist" leaders to their communist rivals by a large majority in an election observed by the U.N. officials, who reported it to be a fair election? I suggest that he ask some of the Greek students studying here what their opinion is of the communists who

are at present keeping their country in a state of economic chaos by their guerilla action in Northern Greece. Ask them how they feel to have to leave their studies at this and other universities to go back and fight in an army which, in order to hold back the communists, must draw heavily from the Greek budget and prevent reconstruction in that country.

In contrast to our abridgement of freedom of speech, things are much rosier in communist dominated countries. Take for instance the case of Cardinal Mindszenty, who was tried on dubious charges of trying to overthrow the government and of illegal currency dealings. The Cardinal, who resisted and was arrested by the Nazis, is being called a Fascist by his enemies. This because he exercised freedom of speech in "the new democracy." Hungary. Mr. Neuspel rants with horror that the 12 top communists in the U.S. might get 10 years as a result of simply "advocating and teaching the principles of Marxism-Leninism." The Cardinal got life! It reads the same in all countries where the "new democracy," which Mr. Neuspel would wish upon us is in effect. The curtailment of religious teaching in Polish Catholic schools, the arrest of 15 Protestant leaders in Bulgaria are all part of the same grand scheme increasing human rights.

Right here in Canada a member of the House of Commons was found guilty of treason. All Canadians learned how well the communists have done their work, how extensive the network of these people who would destroy us. He and his confederates received sentences of five years or less and still people like George Neuspel tell us that the L.P.P. in particular and communists in general should be allowed to exist, to preach, to sway the minds of younger people, especially those, who do not have a defence for the smooth party line and are inclined to grab the bait before they look into the facts more deeply.

No one ever guaranteed that democracy was fool-proof. Our system is the best in the world, but not by any means, perfect. We must correct these faults in time. For more than two thousand years people have been fighting against one man or one class rule. To follow the communist way would be only to return to totalitarianism. Witness the fact that there are less than four million communists in the U.S.S.R. in contrast to a population of between 160 to 200 million. A rather select nobility. It is not inconceivable that a minority carefully briefed and directed by a powerful foreign country infiltrate and corrupt our system of government to the point where that government was weakened enough to

crumble before them. A good doctor does not let his patient become ridden with disease before he tries to check it, he tries to prevent it at an early stage.

George Neuspel would divert our attentions from this threat by exclaiming that time is getting short. Fascism is on the march! Mr. Neuspel used the wrong "ism." If we pussy foot around with those who would destroy us as we did by appeasing the Nazis and by allowing Nazi sympathy movements to gain a foothold in our countries we may have, we will have, to fight them as we did the Nazis.

It might be interesting in conclusion to bring to the attention of those students who have not already read it, Tim Buck's attitude on freedom of expression of minority parties quoted from the November issue of Liberty. He was asked "If the L.P.P. were in power in Canada would it outlaw the Liberal Party? Progressive Conservative Party? C.C.F. Party? The Social Credit Party? Any other political party or organization?" His answer: "The formation of a socialist government led by the L.P.P. would mean that the overwhelming majority of Canadians would have decided to build socialism. Such a government will of necessity be faced with enormous and, in fact, temporarily increased opposition from the small but ruthless group of monopoly capitalists and their political agents. To the extent that such minorities sought to overthrow the will of a Socialist majority and retorted (as has always been the case hitherto) to sabotage, assassination, and violence to restore the public property to the hands of a few profiteers, the socialist would only be inviting disaster if it failed to carry out the will of the people. If groups and associations while not agreeing with the socialist majority nevertheless detested from anti-social activities, then of course the protective action would not be necessary."

Now are we justified in taking protective action. It is expedient that we realize the time for idle talk is over and that for deeds is at hand. Communists have taken it upon themselves to regulate religion in other countries. Should not the four religious groups on this campus, the IVCF, the Hillel, the SCM, and Newman clubs, along with other active organizations protest against allowing the mouthpieces of the Kremlin to preach on this campus. The LPP has been suspended pending investigation of infringement of campus regulations. But this is only temporary. A complete abolition would do credit to the intelligence of the students and their refusal to be hoodwinked any longer.

LETTERS TO THE EDITOR

Martyrs?

Sir,

It would appear from Mr. Dettlor's letter, under the heading "Student Forum", in Tuesday's "Daily", that he is a veteran. While it may be true to remind him that the last was fought against just such methods of terrorism as he advocates, perhaps he would do well to reflect upon the reasons for the last war.

He advocates "freedom's new remedy": may I be permitted to point out that it is neither freedom's

remedy, nor is it a new one. That selfsame remedy was used against the then 'subversive activities' of the Early Christian Church in Rome. Will Mr. Dettlor attempt to deny that there were thousands of Christians willing to be martyred for their beliefs, and would he attempt to state that suppression harmed the 'subversive' activities of the Church and caused it to cease to function?

Martyrs can always be found for a cause, just or otherwise and, whether we like a belief or not, the way to combat it is not by terror-

ism. Mr. Dettlor would do well to think twice before putting the Communist Party in a position to acquire martyrs and the glamour that accompanies martyrdom.

Democracy's defence against Communism is not terrorism, but elimination of those conditions which breed it—poor housing, ill-paid jobs. (Quebec's average wage is the lowest in Canada, c.f. Dominion Bureau of Statistics and the like.

It is much better to fight something that is out in the open than to try to battle an unseen enemy, as the Germans found out in their attempts to crush the Allied Underground in Europe.

Yours truly,
N. KIPNIS,
B. Eng. I

He demands to be admitted. He says he's a sans-culotte!

Y.M.H.A. Drama Festival entry, *The Dybbuk*. Missing from the above group are Bill Nicholls and Malcolm Smith. Bill plays the role of Cassidy and Malcolm has taken on the part of Inspector Flanning.

The Arena Wing has chosen a play which has an established reputation. Not only did *'Thunder Rock'* have a long successful run in London but it has been adapted to radio and the screen. The film made from the story of *Thunder Rock* was, several years ago, among the top ten movies of its year. Scripts and special sound effects have been procured from the Dramatists' Play Service of New York.

This is the first time that a full scale production has been put on by the Arena Wing. In keeping with its campus-wide

casting policy the Wing is looking forward to Campus-wide support. Tickets have been priced at seventy cents. This low price is the first step toward cutting down on the costs of entertainment to the individual student.

In order that the play may make its full impact upon the audience, every effort has been made to point up the usual aspects of theatre, but added to these will be an intimacy and contact with the players which is only afforded by arena staging. Seeing *'Thunder Rock'* will be an interesting experience for those who are accustomed to conventional theatre productions. Arena production, despite the fact that it is unusual, does not detract from the main aim of putting on a play. In fact, the task of reaching out to the audience, an audience by

which the actor finds himself completely surrounded, is complicated somewhat.

Tickets for *'Thunder Rock'* are now being sold by individual students. The Central Ticket Office in the Union will soon have a stock of tickets. The Arena theatre will only hold a few persons more than three hundred. The performances will be given on five nights, Tuesday, March 1st, through to Saturday, March 5th. The curtain time is 8.15. It is pointed out that, since there are no conventional aisles in the theatre, those who arrive late may well find themselves involved in the first act.

The critics who reviewed the earlier efforts of the Arena Wing spoke of a slight self-consciousness on the part of the front row audience. We would like to point out that, if you

are one of those people who go for back seats in lectures, this may be the case. The aim of arena, however, is to seat you as closely as possible to the acting area and the people working in it. Therefore, when you go to see *'Thunder Rock'*, resist that first impulse to put yourself in the background. Grab a front seat and get into the spirit of the show.

The Photography Department of *'Thunder Rock'* is being supervised by Peter Hall of Martlet Studios. The production is being sponsored by the Arts and Science Undergraduate Society. For full information about block sale of tickets, contact Cynthia Plant. Miss Plant is in charge of ticket sales, and clubs, fraternities or groups wishing to attend in parties should be in touch with her by Monday afternoon at the very latest.

Moyse Boys Drop Intra. Floor Hockey Crown to Hotshots

BY MARVIN CORBER

The Hotshots floor hockey team will now meet the victors of the ran while late yesterday afternoon to trounce the Moyse boys at the Currie Gym by a score of 8-2, and thus emerged as champions of the McGill interfaculty floor hockey league. This was the second of a two game total goal series, the Hotshots having edged the Moyse boys in the first tilt 4-2.

HENDLER STARS

At the start of the game, play was slow and for the most part rather sluggish. Morley Hender, a standout for the Hotshots, opened the scoring mid-way through the first period when he ran through the whole team and dented the twine with a high corner shot. He soon broke loose again to fire home two more quick goals, making it three in a row. McVitty closed the scoring for the Hotshots in the first stanza when he tallied, with but few seconds remaining in the period.

The second canto opened at a much faster pace. Leipshitz, of the Moyse boys, scored their first goal when he shot from the centre of the floor and beat goalever Howe on a screen-play. The Hotshots then retaliated on goals by Paquette and McDonald. The Moyse boys tried hard to make a comeback but the superb goalkeeping of Howe in the Hotshot nets kept the score of the Moyse boys to a minimum.

GAUTHIER SCORES

The third period started with one Moyse boys showing a better brand of floor hockey. Time after time they sailed in on goals only to have Howe turn aside their heavy attacks. The Hotshots then put on the pressure and Johnny Gauthier broke away and tallied on a neat effort. Hender then added his fourth counter for the winners, when he scored from close-in range. The Moyse Boys staged a last-minute attack and Stethem tallied the last goal of the game on a shot from centre.

Hender with 4 points, McVitty, Paquette and Larose were standouts for the winners, while Leipshitz, Stethem, Tihlainen were the pick of the losers. The Hotshots attend and bring their questions.

Take It From

Eve

I think that McGill's colours after last week-end should be black and blue, what with losing the carnival and the women's swimming meet. However, things are looking up as the Squash team won a victory on Tuesday and there are several

matches coming up this week-end, and also next week.

HOCKEY

More darn fun... The Engineers have challenged the girl's hockey team to a match next Friday... well, well, well. The game will take place at the McTavish St. rink tomorrow afternoon between four and five... methinks that the game will last a little longer than that... but there's no telling about these Plumbers. Queens also have the same opinion of themselves as the Engineers and are playing our team at the early time of eight the following morning at the Verdun Arena. I believe that there will be more supporters out at the first game even though there will be prizes offered to those who do turn out to the Queens-McGill match.

SQUASH

The badminton team has sure been doing its stuff... gad, they are entering teams for almost every competition in Montreal and what's more, they're winning... Last Tuesday, a team of five McGill co-eds played at the Atwater Badminton and Squash Club... and being untrue to McGill traditions, won four out of five of their matches. Tuesday, March 8th, they're sending a team out with orders to beat the M.A.A.A. Here's hoping. There will be coaching this morning at 10.15 until 11.45... Monday's coaching classes have ceased and from now on will be on alternate Wednesdays and Thursdays at 10.15.

SWIMMING

A week from today, there will be an intramural swimming meet, which will consist of all sorts of antics such as candle races, night-gown relays and what have you. This is the last of the swimming club meetings and will be at the Y.W.C.A. at 8 p.m. on the following Saturday, the Durand Trophy is up for competition at 8.15 at the Y., and admission will be 25 cents per person. Tickets are obtainable at the Phys. Ed Office or from Joan Mount, FA. 1470. This week is the Dempsey Trophy on Sat. evening at 8 at Palestre Nationale, 840

Dawson Dynamos Downed by Guards In M.B.L. Fixture

By JACK ABRAMS

SECOND HALF

Freddy Bridel really asserted his shooting ability at the outset of the second half by scoring four points in less than a minute while Pete Selmers of the Naves crew started to set the ball in consistently. The Guards assured their victory soon after the opening loss-up in this period by amassing a 34-17 lead with only a few minutes gone. Play got close and rough as Lou Milburn and Jim Maskell of the Red and Blue were sent to the showers with five violations apiece. The officials called a total of 37 personals in the game. Dawson kept shooting at the small basket while Bridel, fed the baby his mates, seemed unable to miss the ring. From the middle of the period to the end of the game Bridel and company went wild as Fred made 22 points in the final frame. The game ended with the Guards on the long end of 63-38.

FIRST HALF

The first half started auspiciously for the Dawsonites as Edwards opened up the scoring with a one-hander which gave the Red and Blue their only lead of the night. Fred Bridel started his evening off by immediately tying the score at two all. Bridel made a foul shot to put the Guards ahead for the night and followed up with a hoop from outside the bucket. The Dawson defence tightened momentarily and they were able to keep the score at a 5-5 tie for about six minutes.

Steve Armstrong's boys pushed their way to a 10-5 lead, but Dawson's Selmers, who was second high man for the night with 16 points, came through with a hoop followed by Milburn with a hook shot to bring the Red and Blue up to within one point of the Maroon. The Dawson shooting average dropped steadily throughout the first half and the Guards creep away to a 22-15 lead by the inter-

Cherrier street east. Joan Mingie Watson and Carolyn Box will be doing a solo and Barb. doing a duet... really fancy swimming... good luck.

Coming up is the Modern Dance Concert on the 10th and 11th of March... tickets are 25 cents per student and 50c for outsiders. The compositions, Kay King says, are nearly completed.

Inter Hoopla Squad Trounced by Carabins

By LEN WISSE.

Ron Rutherford's Intermediate cagers suffered their second loss this season at the hands of the University of Montreal when they lost out by a 60-33 score in a game played at the Currie Gym last night. The loss kept the locals in third spot in the C.I.A.U. loop behind Sir George Williams and the U. of M. McGill has a record of five wins against the same number of setbacks, while the Carabins, by virtue of their win, boast an 8-3 slate.

The game started at a slow pace as both teams felt each other out, but the Blue and Yellow Frenchmen soon hit their stride, and a 10-0 mark they held a 9-2 edge. After a time-out called by the Carabins, the latter really began to pour it on, and, displaying phenomenal accuracy in all their shooting, they held a commanding 28-6 lead at the fifteen minute mark had elapsed in the opening half. At this point, the Red Inter did not seem to be able to find themselves, and could not cope with the terrific shooting and fast break of the U. of M.'ers. The contest progressed at a moderate pace, and at half time, the Indians found themselves on the short end of a 30-10 score. The second half started slowly, but the pace of play soon increased.

Quebec Junior Squash Champ. Tonight at Gym

Squash returns to the limelight tonight with the Junior Squash Tournament sponsored by the Province of Quebec Squash Racquets Association slated to take place at the Sir Arthur Currie Memorial Gymnasium.

Mike Measures, the lad who nosed out Ham Quain 3-2 in last year's finals to take the Championship, will compete again this year, and once more, his main source of competition is expected to be the same Ham Quain.

Up to date, the field of entrants is made up almost entirely of McGill squashmen, although other teams are expected to enter their candidates.

Included among the other teams which may provide entrants for the Junior Squash Championship of the Province of Quebec, is the Montreal Badminton and Squash Club. It was this club that offered the McGill squashers such fine opposition in beating them to three at Athletics Night III. The M.A.A.A. and the Montreal Racquets Club, are expected to comprise the remaining entries.

Thursday night's matches will mark the eliminations, and will be followed by the semi-finals to take

place on Friday. The finals will take place at the gym on Saturday.

Reggie Sinclair Now Leading Sr. Hockey Loop in Scoring

By BOB BORNSTEIN

The Redmen may not have as many pucks "know-how". He practised with Royals of the QSHL at the beginning of the present season and made a favourable impression. In 1947-48 Sinclair finished as top scorer of the Redmen, a trick which he will undoubtedly repeat this season.

A breakdown of Sinclair's scoring feats reveals that he has feasted at the expense of Gene Chouinard's hapless Queensmen, racking up 11 markers in four contests with the Gaels, as the Redmen swept the Tricolor series in straight games.

Reg has dented the twine twice in three meetings with the champion Carabins and was successful in firing the rubber home on three occasions against the Toronto Blues. His first season with the Redmen was in 1945-46 the year McGill captured its last championship. It was during this campaign that he performed on a line with the Hale brothers to form a great attacking unit.

Cy Beigler, Rocky Robillard and Sandy Sanderson performed with him at different times during the campaign and Gene Robillard was seen in action with cousin Rocky and Reg in exhibition encounters.

A former star with West Hill High school, the slick centre is a smooth-skating, shifty pivot with

LAST ISSUE OF MCGILL DAILY
MARCH 16th

Dawson Sport Scene

by JACK ABRAMS

Orlick Gym has been humming for the past few weeks with the various Dawson sports in full swing or in the playoff stages. For those not interested in being a three-letter man at college, there are intramural sports and the Snooker Tournament.

The never ending clicking of the spheres, issuing from the canteen room, heralds the primary stages of the Snooker Tourney where earnest students are taking a few (?) moments off from the daily drudgery of scholastics to acquire a little of the pool hall pallor and possibly the Dawson Snooker Trophy which will, no doubt, be a gold plated, inscribed cue.

BASKETBALL

The intramural basketball semifinals have started with almost as many threats and wagers flying around between the prospective champs as basketballs. A word of warning to the McGill Intramural champs: Dawson has some pretty hot teams in the campus league this year. The University finals should be really worthwhile.

QUESTION OF THE WEEK

What has happened to the Dawson Seniors? When they were still the dark horses of the M.B.L., the Dawson squad boasted quite an impressive roster and even turned in some excellent games in pre-season exhibitions, but of late the boys have been disappointing the St. Johns fans. There seems to be some pettiness that is hindering the successful progress of the team. "What happened?" They don't have much longer to settle down to some serious ball playing and cut out the erratic type of game that they have played for the past weeks.

Just for the sake of clearing up the situation; there were no personalities involved in the dropping of Jim Shea from the Red and Blue roster; it was done simply because Jim didn't agree with the system of the Dawson team or the coaching. Nuff said!

The hockey team has taken quite a jolt in the loss of their star, Lou Appleby. Lou was ousted as a result of a protest registered by the Georgian team following a regular Int. C.I.A.U. game between the two, which Dawson won. The protest was nullified, however, by the

knowledge that Keith English on the Georgian team played pro football and the game was declared "no contest." My comment to the whole affair is that if they are going to sweep up the amateur league then let's sweep in the corners too! Unless I am mistaken, the Loyola squad has on its roster the following players: R. Sutherland of the Winged Wheelers, M. Malone of the Junior Royals, and N. Dodge of the Junior Canadians. Granted they haven't played for these teams during the current hockey season, but there is also a clause in large print at the top of the eligibility form which each player has to sign stating that he is not a professional in any sport. Or don't they pay these guys anymore?

Oh well, let's hope for some decent cold weather so that the boys can play the game on ice instead of on paper. One of the favourite questions asked by the Dawson Senior basketball team is, "When do we get to play the McGill Senior team?" Maybe after the fine showing by McGill against Y.M.H.A. the boys hadn't better shout so loud. . . it would be an interesting contest, however, and it certainly would settle a lot of conjecture around this wilderness campus.

Nominations Called For Phys. Ed. Soc.

Nominations are called for the following positions—term of office to be from July 1, 1949 to June 30, 1950:

- President** — Male or female from third or fourth year.
Vice-President — From second, third or fourth year, opposite sex to that of president. When president is determined, nominee of opposite sex with highest number of votes to hold office.
Secretary — Male or female from second, third or fourth year.
Treasurer — Male or female from second, third or fourth year.
Men's Athletic Representative — Male from second, third or fourth year. Only male undergraduates to vote for this position.

The above mentioned class years

For Vice-President of E.U.S.

BILL LAMBERT

DON IMRIE

STEFAN FRANKOWSKI

PEN SKETCH

Bill, a third year Engineering Student, came to the University after four and a half years with the R.C.A.F. and has spent two years at Dawson and two years at McGill. This places Bill in the favourable position of being aware of all the trials, tribulations and hopes of the Engineering student on both campuses.

By his sincere nature and complete honesty, Bill has made many friends among the engineers during this period. Those who do not know him by name may know him by his distinctive laugh. Engineers at both Dawson and McGill remember him as a member of the famous Powder Puff inter-mural basketball team. Apart from sports Bill has also held office in outside organizations in an executive capacity.

Bill is noted for the enthusiasm which accompanies everything he does and the vigor he applies to his activities. As Bill's friends for the past four years we know that with his clear concise thinking and steady nature he is the engineer, and the only engineer, to fill the office of the Vice President.

M. Moore,
J. S. Newman,
N. McDermid,
A. Q. Niazi.

are taken as of next fall.

Nominations must be signed by at least ten (10) undergraduates in the School of Physical Education.

Nominations must be in the hands of a member of the executive not later than 1.00 p.m. Wednesday, March 2, 1949.

Elections will be held on Wednesday, March 9, 1949.

Psych. Club—P. 1

A psychiatric film on hostility was then shown. In this film, a girl becomes hostile and aggressive because she does not receive the love that she needs. After the film Dr. Beaubine said that hostility is today recognized as having some use, and that many hostile people climb very high in society. "Hostility often arises as a frustration of our normal drives," he concluded.

Bob Shulman, the president of the Psychology Club, thanked Dr. Beaubine for his kindness in showing the students around.

Cosmo Pres. Floyer Spoke on Indonesia

At yesterday's Cosmo Club lunch time meeting Dave Floyer, the Club's President, spoke on Indo-

PEN SKETCH

A successful executive committee of a student organization requires of its members:

1. A spirit of team work.
2. A willingness to devote time to its activities.
3. Enthusiasm for the job in hand.

Don Imrie has the ability and qualifications to serve as First Vice-President of the E.U.S. We wholeheartedly recommend him as your candidate for this position.

During the past few months he served on the Plumbers Ball Committee. He is, as a result of this experience, familiar with the organization and operations of the E.U.S. and knows just what serving on the executive requires—time, energy, enthusiasm.

We know that Don Imrie is ready and willing to do his utmost if elected. From our association with him during the past few years we know of the enthusiasm with which he tackles any task, and of his all-out support of the interests and activities of the McGill Engineers.

Engineers! For able representation, let us elect Don Imrie to the post of First Vice-President of the E.U.S.

Signed:
R. B. FULLERTON, Civil 3.
J. D. OLSON, Chem. Eng. 3.
A. F. BROOKS, Civil 3.

nesia. He gave a brief account of the history of the East Indies and outlined their geographical and economic importance.

He described the pre-war system of Dutch Colonial administration in the East Indies and showed how it had been used by the Japanese to promote a premature Nationalism and demand for independence. "The days of imperialistic rule of Asiatics by Europeans has come to an end," he declared, "but at the same time it is a duty to those people to ensure that the reigns of government are handed over to a competent and truly representative element."

He went on to explain that such an element does not, as yet exist in the East Indies. When questioned on the influence of Communism in Java, he stated that no true Communism exists there. Generally it is a title assumed by rebellious elements seeking to legalise their activities.

The six states of Australia are Queensland, New South Wales, Victoria, South Australia, Western Australia and Tasmania.

Letters to The Editor

Royal Thanks

Dear Sir,—I would like through your column to express my sincerest thanks and gratitude to all my supporters who bestowed on me the honour of being Queen of the Winter Carnival.

Special thanks to Leighton Hutson who suggested my entering and promptly went to work on the idea and to Mr. "Slim" Rapier who took care of the flattering posters.

I cannot say how much I appreciate the friendliness and co-operation shown by the Members of the Student Executive Council, also Bob Stevenson, Art. Mathewson, John Dobson and Jack Tetreault, and the four (4) princesses and Sue Bishop, last year's Queen.

Oh, thanks Dunbar. Thanks to all again, it was indeed an honour.

Sincerely,
Beryl Dickinson-Dash.

NOTICE

E.U.S. Election Rally will be held in Dawson at 8:00 p.m. Thursday night in T-2. Candidates from Montreal and Dawson will present their platforms to the Dawson students.

NOTICE

Anyone going to Toronto over the week-end call EL1020. Will share expenses.

Health, according to the World Health Organization definition, is a state of complete physical, social and mental well being, not just the absence of disease or infirmity. This implies that we should not wait for sickness to strike before taking measures to protect our health. We should be on our guard to keep the health standards of Canadians high.
